

Irish  National Accreditation Board

TEST REPORT		NUMBER:13F899
Object of Analysis: BIOTECH PHARMACEUTICAL		
Customer: BioTech Pharmaceutical		Sample: 1
Subject: Indetification		
Method(s): HPLC		
Sample / Analysis:	Method	Status
<u>MK2866:</u>		
Identification:	HPLC	G/N
Content:	HPLC	G/N
Result:	Complies	98.1%
Specification	Complies	
Complies	Yes	
Melhod-status: G=GMP A = accredited V = generally validated P = validated on producl N = not validated E = external lab		
Signatures: Controlled & Released:  Staff: 		
The enclosed results exclusively to the object examination described above. The measuring accuracy is available on request. Only handwritten signatures are valid. Without written permission, it is not allowed to publish sigle parts report. Completed: 03.10.2017
